RING SIZE GUIDE

In order to determine the right ring size for your purchase, please follow the next steps:

First, before printing the chart, make sure that the "Scale to fit" and "Shrink to fit" options are unchecked in the dialogue box.

To find your ring size with accuracy:

- Use a ring of your own, that you wear on the same finger as the Zolotas ring you are currently interested in.
- Position the ring over the circles shown below to determine which one matches your size.
- The diameter should correspond exactly with the diameter of your ring.
- If you hesitate between two sizes, we suggest you to choose the larger one.
